Definition

For the purpose of this policy, "bullying" is defined as persistent behaviour by an individual or group with the intention of verbally, physically, or emotionally harming another person or group.

Bullying is generally characterised by:

- **Repetition:** Incidents are not one-offs; they are frequent and happen over a period of time.
- **Intent:** The perpetrator(s) means to cause verbal, physical or emotional harm; it is not accidental.
- **Targeting:** Bullying is generally targeted at a specific individual or group.
- **Power imbalance:** Whether real or perceived, bullying is generally based on unequal power relations.

Vulnerable pupils are more likely to be the targets of bullying due to the attitudes and behaviours some young people have towards those who are different from themselves. Vulnerable pupils may include, but are not limited to:

- Pupils with SEND.
- Pupils who are adopted.
- Pupils suffering from a health problem.
- Pupils with caring responsibilities.

Types of bullying

Many kinds of behaviour can be considered bullying and can be related to almost anything. Teasing another pupil because of their appearance, religion, ethnicity, gender, sexual-orientation, home life, culture, disability, or SEND are some of the types of bullying that can occur.

Bullying is acted out through the following mediums:

- Verbally
- Physically
- Emotionally
- Online (Cyber)

Prevention

All reported or investigated instances of bullying will be investigated by a member of staff.

Staff will encourage pupil cooperation and the development of interpersonal skills using group and pair work.

All types of bullying will be discussed as part of the curriculum.

Diversity, difference and respect for others is promoted and celebrated through various lessons.

Seating plans will be organised and altered in a way that prevents instances of bullying.

Potential victims of bullying are placed in working groups with other pupils who do not abuse or take advantage of others.

Opportunities to extend friendship groups and interactive skills are provided through participation in special events, for example, drama productions, sporting activities and cultural groups.

All members of the school are made aware of this policy and their responsibilities in relation to it.

All staff members receive training on identifying and dealing with the different types of bullying.

Teachers will offer an 'open door' policy allowing pupils to discuss any bullying, whether they are victims or have witnessed an incident.

The school will be alert to, and address, any mental health and wellbeing issues amongst pupils, as these can be a cause of bullying behaviour.

The school will ensure potential perpetrators are given support as required, so their educational, emotional and social development isn't negatively influenced by outside factors, e.g. mental health issues.

Staff will be alert to the following signs that may indicate a pupil is a victim of bullying:

Ball Green Primary School

Although the signs outlined above may not be due to bullying, they may be due to deeper social, emotional or mental health issues, so are still worth investigating.

Pupils who display a significant number of these signs are approached by a member of staff, to determine the underlying issues, whether they are due to bullying or other issues.

In addition, staff will be aware of the potential factors that may indicate a person is likely to have bullying behaviours, including, but not limited to, the following:

- They have experienced mental health problems, which have led to the pupil becoming aggravated
- They have been the victim of domestic abuse
- Their academic performance has started to fall, which has meant they are stressed

If staff become aware of any factors that could lead to bullying behaviours, they will notify the pupil's teacher, who will investigate the matter and monitor the situation.

Staff principles

- The school will ensure that prevention is a prominent aspect of its anti-bullying vision.
- Staff will treat reports of bullying seriously and they will not ignore signs of suspected bullying.
- Unpleasantness from one pupil towards another is always challenged and never ignored.
- Staff act immediately when they become aware of a bullying incident; this applies to all staff, not solely teaching staff.
- Staff always respect pupils' privacy, and information about specific instances of bullying are not discussed with others, unless it is in a setting that the victim has given consent to, or there is a safeguarding concern.
- If a member of staff believes a pupil is in danger, e.g. of being hurt, they will inform the **DSL** immediately.
- Follow-up support is given to both the victim and bully in the months following any incidents, to ensure all bullying has stopped.

Managing disclosures

Victims will always be taken seriously, reassured, supported and kept safe.

Victims will never be made to feel like they are causing a problem or made to feel ashamed.

If a friend of a victim makes a report or a member of staff overhears a conversation, staff will act – they will never assume that someone else will deal with it. The basic principles remain the same as when a victim reports an incident; however, staff will consider why the victim has not chosen to make a report themselves and the discussion will be handled sensitively. If staff are in any doubt, they will speak to the DSL.

The DSL will be informed of any allegations of abuse against pupils with SEND. They will record the incident on MyConcern and, working with the SENCO, decide what course of action is necessary, with the best interests of the pupil in mind at all times.

Confidentiality

The school will only engage with staff and agencies required to support the victim and/or be involved in any investigation.

If a victim asks the school not to tell anyone about the disclosure, the school will not make this promise.

Even without the victim's consent, the information may still be lawfully shared if it is in the public interest and protects children from harm.

The **DSL** will consider the following when making confidentiality decisions:

- Parents will be informed unless it will place the victim at greater risk.
- If a child is at risk of harm, is in immediate danger or has been harmed

Cyber bullying

The school has zero-tolerance approach to cyber bullying.

The school views cyber bullying in the same light as any other form of bullying and will follow the sanctions set out in the behaviour policy if they become aware of any incidents which have occurred in school

The school will support pupils who have been victims of cyber bullying by holding formal and informal discussions with the pupil about their feelings and whether the bullying has stopped

Bullying outside of school

The headteacher has a specific statutory power to discipline pupils for poor behaviour outside of the school premises. Section 89(5) of the Education and Inspections Act 2006 gives the headteacher the power to regulate pupils' conduct when they are not on school premises, and therefore, not under the lawful charge of a school staff member.

Teachers have the power to discipline pupils for misbehaving outside of the school premises. This can relate to any bullying incidents occurring anywhere off the school premises, such as on school or public transport, outside the local shops, or in a town or village centre.

Where bullying outside school is reported to school staff, it is investigated and acted on.

In all cases of misbehaviour or bullying, members of staff can only discipline the pupil on school premises, or elsewhere when the pupil is under the lawful control of the member of staff, e.g. on a school trip.

The headteacher is responsible for determining whether it is appropriate to notify the police, or the anti-social behaviour coordinator, of the action taken against a pupil.

If the misbehaviour could be of a criminal nature, or poses a serious threat to a member of the public, the police are always informed.

Monitoring and Review

This policy will be reviewed annually by the Headteacher.
